WHAT WE DO

Meta Ads

Campaigns across Facebook, Instagram and WhatsApp, aimed at the audience that buys, not the cheapest one.

Google Ads

Search, Display, Video and YouTube campaigns judged on cost per result.

Social Media Handling

Your pages run to a calendar — posting, replies and community — so the accounts never go quiet.

Creator Collaborations

Creators whose audience is already your customer, briefed and tracked like any other placement.

Performance Tracking

Pixels, conversions and attribution set up properly, so every rupee can be followed to a result.

Monthly Reporting

What performed, what changed and what runs next month, in plain language.

OUR GROWTH LOOP

- 01 Discover
- 02 Create
- 03 Launch
- 04 Measure
- 05 Optimise

Not a one-time campaign. A system for continuous growth.

WHY SLADE

Audit before spend

Your account, tracking and past campaigns are checked before a rupee of new budget goes out.

One goal per campaign

Every campaign is built for a single commercial outcome, so success has one clear number.

Budget follows evidence

Several versions go out on small spend first; the money moves to whatever the results prove.

Reports you can read

Sales, cost per result and the changes we made — no dashboards of vanity numbers.

Let's turn your digital presence into a growth engine.

Reply with a date and we come back with a scope, a plan and a price.
