Simple for you. Serious behind the scenes.

WHY SLADE

Directed, not just recorded

A script and a shot list are agreed before a camera is booked, so the day is spent shooting, not deciding.

One shoot, many cuts

Wide, vertical and stills come from the same setups, so one directed day feeds several weeks of publishing.

Finished in-house

Edit, DI and colour grading and the audio mix all happen under one roof — nothing is sent out to be finished.

Every ratio delivered

Exported for each place the film will run, from the cinema-width master to the vertical cut.

Have a story worth shooting? Let's turn it into something worth watching.

Reply with a date and we come back with a scope, a plan and a price.
